

# KIN · Physical AI Architecture

Let your agent meet mine — real-world encounter → agent reasoning → shared context

● Organizer-provided ● Team-configured ● Team-built

## REAL-WORLD INPUT

Nearby Builder presence · G0 / TCA8418 keyboard confirmation · BMI270 shake gesture · optional voice Need

● human action

## TEAM-BUILT DEVICE LAYER · 2 × M5Stack Cardputer-Adv

ESP32-S3 Thin Client · ST7789V2 240×135 screen · BMI270 IMU · TCA8418 56-key keyboard  
ES8311 codec + microphone + speaker · battery · stable NODE identity

Cardputer Board Adapter

Agent\_link SDK

sense · identify · ritual · feedback

## OFFICIAL CONNECTIVITY PATH

Agent\_link BLE → ROROLEE / Deotland path → Cloud Agent Gateway

team relay available for local demo + diagnostics

## TEAM-BUILT KIN AGENT / CUSTOM SERVICES

Profile & Context Compiler · Presence / Radar · Match Engine  
Handshake Service · Relationship Memory · Need / Experience Search  
Prompt / Policy: explain the match, require bilateral consent, protect raw context  
Tools: Match · Handshake · Experience · Device Output · SSE events

## TiDB CLOUD · TEAM DATA LAYER

SQL: profiles · matches · handshakes  
relationships · needs · artifacts  
Vector Search: VECTOR(64) indexes  
one source of relationship state + semantic recall

ACTUAL OUTPUT → screen: MATCH FOUND / KIN CONNECTED · speaker: tone · Web/PWA: WHY YOU MATCH / Shared Context / EXPERIENCE FOUND
